June 18 - August 20, 2016

Good Morning America! You peek out of your tent as the sun rises over the horizon. The music you hear isn't from a radio - it's from birds singing. You're experiencing America in an invigorating and refreshing way - the Cycle America® way!

After breakfast, you pedal off on a well-marked scenic route to the next overnight. There are riders who are more casual and visit the sites, while others are faster and like the challenge of the tour. You join a group cycling at your pace. The route is on paved roads and Cycle America® support vehicles are on route. There's water and food available along the way and you smell, see, hear, and feel the beauty of rural America.
